OF LOCAL INTEREST

GONE TO CALIFORNIA—Mr. and Mrs. M. A. Stanford left on last night's train for a couple of months visit in southern California.

RATHBONE SISTERS—The Rathbone Sisters will give a social tonight at the home of Frank Coyle on north Seventh avenue.

LOADED WITH MORPHINE—Yesterday afternoon Constable Harry Proops found a man drunk and staggering along in the western part of the city, and insulting those whom he met. He took him into custody, and noticed at the same time that his mouth was covered with a white powder. When the man was searched at the jail there was found a bottle filled with morphine. The man said his name was R. M. Connors and admitted that he has been a constant user of morphine and opium for six years.

A TEXAS VISITOR—W. O. Journeay of San Antonio, Texas, is in the city, in fact has been in this vicinity some time, investigating certain mining enterprises of which he cares to say but little just now. He is engaged in the exploitation of a placer gold saving machine with which he proposes to make some experiments. He is with Arizona on the statehood question as is all Texas, says Mr. Journeay. That state thinks so much of Arizona he says she almost considers this territory one of her babies and he is certain there will be nothing left undone for Arizona that is possible for the Texas senators to do.

FORTUNE FAVORS GALAS—Joe Galas, the young man who stabbed Juan Brava in the course of a quarrel on Sunday night is again free. Yesterday morning the doctor said that there was no doubt now of the recovery of Brava. The doctor said that he would be able to appear at the examination of Galas by next Monday. Accordingly when Galas was brought into court for the further setting of his case Monday was named as the day. The certainty of the recovery of Brava put another face on the offense which Galas had committed. His bail was therefore reduced by Justice Burnett from \$3,000 to \$500. In the afternoon the bond was furnished and the young man was turned out.

LEFT YESTERDAY MORNING—Mackenzie Gordon left yesterday morning for San Francisco where he will spend the summer. His movements after that are not yet decided upon but it is not likely he will return here unless he is compelled to do so by his health. He came here over a year ago for his health and feels that he has been fully and completely restored. Though never a very sick man his condition was such as to occasion him concern as it interfered considerably with his profession, which all Phoenix knows by this time is that of a vocalist. His voice at this time is in as good condition as it ever was, as has been demonstrated in his recent concerts which charmed the largest audiences that ever attended local productions. Mr. Gordon in leaving says he has only the pleasant memories of Phoenix and her people and leaves many warm friends here. He is also very much in love with the country and the climate and leaves only for the reason that it is not the proper field for his particular line of endeavor. His talents are constantly

For over a third of a century Dr. Pierce's Golden Medical Discovery has sold more largely than any other blood purifier or stomach tonic.

Bigger sales today than ever before. Is that not the true test? Cures others who do not you? Makes rich red blood. An imitation of nature's method of restoring waste of tissue and impurities of the blood. Cures nervous force is used when you take an alternative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutriment the blood requires.

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It thus cures eczema, eruptions, boils, pimples, and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

No matter how powerful the intellect or the resources of intellectual power, it must be backed up by physical force. Every day the youth or man must manufacture a pint of rich, arterial blood, that is pure, stimulating to the brain, and that can rebuild the tissues that were destroyed in yesterday's work.

Dr. Pierce's Pills cure biliousness.

THE FILIPINO FEDERALS

Their Ambitions in the Direction of Self Government.

Manila, June 20.—The federal convention has reassembled. After a heated discussion it was resolved to place among the resolutions a section advocating the policy of President Roosevelt to transform the government of the islands by permitting government by the Filipinos with the assistance of Americans. The federals believe that if this policy be followed constantly and progressively it will result in complete self-government. The definite aim desired is an ultimate independent republican government but maintaining a necessary political union with the United States. The radical wing of the party opposed a clause in the resolutions supporting Secretary Taft's policy, and left the meeting to reassemble again.

THE BEEF INQUIRY.

The Federal Grand Jury Takes Up the Subject Again.

Chicago, June 20.—Railroad rebates, the relationship between the railroad and the packing industries and questions concerning ice charges are to be reopened by the federal grand jury which is investigating the beef industries. Eight members of the traffic departments of as many railroads were today served with subpoenas, and the first of these witnesses will be heard tomorrow morning.

Among the railroad men who will testify before the jury are Harry Gower, assistant freight and traffic manager for the Chicago, Rock Island and Pacific railroad, and Jas. Gorman, freight agent of the Atchafalpa, Topeka and Santa Fe railroad.

COLLEGE COMMENCEMENTS.

The President Will be a Guest of at Least Two.

Washington, June 20.—President Roosevelt left here at 8 o'clock for Massachusetts to attend the commencement exercises of Clark University at Worcester and Williams college at Williamstown. He traveled in a special train over the Pennsylvania road and from the Harlem river on. The route will be over the New York, New Haven and Hartford railroad.

END OF A SPEECH.

Chicago, June 20.—While S. P. Sheerin of Indiana was reading an address at the convention of the Inter State Independent Telephone association today he suddenly stopped fell backward and expired.

Death was due to apoplexy. A son who was present took charge of the remains. The convention immediately adjourned. The deceased was formerly national secretary.

Grand Canyon Excursion From Phoenix

Rate, \$15.00

Owing to demand a popular excursion of a select party will leave Phoenix at a convenient hour on Sunday morning, July 2, for the Grand Canyon, reaching there in time to view the sunset, giving the entire next day. Returning passengers can stop over at Prescott to enjoy the celebration for which elaborate preparations are being made; or passengers can stay longer at the Canyon if they desire. Party will be limited so that the best service may be given. Therefore would suggest early application. For detailed information call at the Santa Fe city ticket office, or address
